

**ROUNDERS****WEDNESDAY 14 MAY V. CHEAM****U/13A V Cheam**

Lost 8 - 37½

We knew the unbeaten Cheam side was strong and a tough match for our girls, who were mainly U/12's. However our team fielded extremely well, showing tremendous improvement this week, with fielding as good as the opposition's, although 2<sup>nd</sup> post still needs better cover! Several good catches in both inner and outer field boosted moral and the girls pulled together as a unit. Team spirit was good and all can be pleased with their great team effort!

Cheam's strength was in their batting and here they were brilliant, but our girls worked very hard, fielded well and did not deserve such a whitewash! Our hitting was better this week and Frankie, Jess and Ella May all scored straight rounders, but we do need to aim for a much higher tally and must be more consistent here.

Overall a good match to build on with experience gained in both batting and fielding.

**U13B/C Rounders V Cheam (Home)**

27 Pinewood—17 Cheam

An excellent all round performance from the Pinewood girls today a real team effort. All stayed focused and worked well as a team. Our fielding was superb, lots of communication. The team was captained today by Rebecca W. Well done Pinewood!

**U/13A V Dragon****Wed. 7<sup>th</sup> May 2008****Lost 5 - 22½**

The Dragon was stronger than us and our unpractised side never really worked as a unit. Down several key players the girls did their best with many having to play out of their normal positions. Skills did improve but backing up was slow and inaccuracy in all areas let the side down. However the Dragon enjoyed their victory and deservedly regained their crown.

Disappointing girls but plenty to work on for next time!
